DIRECTOR’S NOTES

Catch a Rising Star is always one of the most rewarding shows to work on at Sheridan College. Showcasing the 3rd year Performance Critiques and the 2nd year Dance Critiques, this is a true collaboration of creativity.

As part of their curriculum, each student is assigned the task of creating a show-case for their singing and dancing talents. For *Catch a Rising Star*, we have taken the best of the best and created this extraordinary unique show, full of diverse musical styles and dances. We are both thrilled to “helm” this show, helping and encouraging each actor to realize their vision of what they would like their creation to become.

As always, here at Sheridan, there is an amazing crew that is integral to the production you see tonight. Alan Poaps and Daffyd Hughes, the musical geniuses, who decipher handwritten charts, the creative and “cutting” David Juby, the “light” in our lives Renée Brode, and of course a terrific stage management team led by “the one who solves scheduling conflicts” Elissa Patterson.

We hope you enjoy tonight’s production and encourage you to hold onto your programs – so you can say you saw these future stars first!

Marc Richard & Stephen Greig
